INNOVATE. COLLABORATE. ELEVATE. -DOST XII-PSTO SOCOT HIGHLIGHTS STARTUP AND IHUB INITIATIVES AT SOUTH COTABATO BUSINESS CONFERENCE 2026.

The Department of Science and Technology – SOCCSKSARGEN Region (DOST XII), through its Provincial Science and Technology Office – South Cotabato headed by Provincial Director Giselle Eve O. Siladan, proudly served as one of the resource speakers during the 2026 South Cotabato Federation of Local Chambers of Commerce Conference held in line with the celebration of the South Cotabato Business Week. The conference gathered business leaders, entrepreneurs, innovators, and development partners across the province to discuss opportunities, collaborations, and strategies that will further strengthen South Cotabato’s growing economy and thriving business ecosystem. A highlight of the event was the participation of Hon. Governor Reynaldo S. Tamayo Jr. during the Governor’s Hour, where he shared significant developments on the province’s improving economy and the continued growth of its Gross Domestic Product (GDP), emphasizing the province’s commitment

Exploring Engineering Solution to Enhance Muscovado Production for Bukidnon Sugarcane Farmers

Sugarcane farmers of the Bukidnon Farmers CARP Beneficiaries Multi-Purpose Cooperative (BUKIFCARB MPC) in Don Carlos, Bukidnon continue to produce quality muscovado sugar as a source of livelihood and community pride, yet op-

erational challenges and production bottlenecks can limit their efficiency and growth potential. To better understand these

needs and identify appropriate interventions, the Department of Science and Technology (DOST) ➡ (TURN TO PAGE 2)

DOST-PAGASA Explains Connection Between Habagat, El Niño, and Heat Index Amid Changing Weather

As many areas continue to experience intense morning heat and sudden afternoon rains, the Department of Science and Technology Ilocos

Region (DOST Ilocos Region) continues to step up its efforts to provide timely updates about the country's weather and climate ➡ (TURN TO PAGE 2)

to inclusive growth and sustainable development. Meanwhile, Provincial Director Giselle Eve O. Siladan presented the various Programs, Projects, and Activities (PPAs) of DOST, particularly initiatives that support innovation-driven entrepreneurship and startup development. Among the key initiatives highlighted were the establishment of Technology Business Incubators (TBIs) for startups and the proposed Innovation Hub (iHub) facility in the province, which aims to become a collaborative space for innovators, researchers, students, MSMEs, and aspiring entrepreneurs to transform ideas into impactful solutions and sustainable enterprises. The event was spear-

headed by the South Cotabato Economic and Investments Promotion Center (SCEIPC) headed by Mr. Tyronn Jann Villanueva, RN, MPA, in partnership with various stakeholders dedicated to advancing economic development and innovation in the province. Through initiatives like this and with the support of RD Malawan, DOST XII - PSTO SoCot continues to strengthen its commitment to fostering a vibrant culture of innovation, empowering local entrepreneurs, and creating more opportunities for science, technology, and innovation to drive inclusive and sustainable development in South Cotabato and the entire SOC-CSKSARGEN Region.

KALSADANG VIADUCT SA MAHARLIKA HIGHWAY,
MINAMADALI NG MATAPOS NG DPWH, SA BAYAN
NG LOPEZ, QUEZON

Ipinamamadali nang mapatapos ang imprastrakturang pagawaing kalsada na Viaduct sa Kahabaan ng Maharlika Highway ng mga tauhan ng DPWH Region - 4A, na sakop ng bayan ng Lopez, Quezon. Sa katunayan nito ay isinasagawa na ang paglalagay ng Girder bilang bahagi ng konstruksyon ng Lopez Viaduct sa kahabaan ng Maharlika Highway sa Barangay Canda Ilaya, sakop ng bayan ng Lopez, Quezon. Dahil na rin sa mandatu ng Malakanyang sa nasyunal na pamahalaan ng DPWH, sa pangunguna ni DPWH Secretary Vince Dizon, madaliin nang ayusin, at pabilisin ang pagsasakatuparan ng nasabing proyektong kalsada sa nasabing lugar. Ayon sa panayam sa mga kawaning Maintenance ng DPWH Region 4A, ito raw ay base, at alinsunod sa direktiba ni Pangulong Ferdinand Marcos Jr. na agarang tapusin ang mga Ongoing Infrastructure projects. Kaya inaasahan na din itong magsisilbing pangmatagalang solusyon ang kalsadang Viaduct sa madalas na pagbaha sa lugar, upang matiyak ang mas ligtas, at maayos na biyahe.

Exploring Engineering Solution to
Enhance Muscovado Production...
From page 1

Bukidnon conducted a Technology Needs Assessment (TNA) on May 28, 2026, as part of its continuing efforts to support farmer-led enterprises through science, technology, and innovation. On the same day, DOST Bukidnon also met with the Central Mindanao University-Mechanical Engineering Department to explore possible technical solutions and areas for collaboration that may help address the cooperative's operational concerns. Through this initiative, potential opportunities for process improvement, enhanced productivity, and better product quality were discussed, laying the groundwork for future science and engineering-based interventions. By fostering collaboration among farmers, academic institutions, and government agencies, the activity supports the development of practical solutions that can help strengthen local enterprises, improve competitiveness, and create greater economic opportunities for sugarcane farming communities while addressing operational constraints that may affect long-term growth and sustainability.

DOST-PAGASA Explains Connection Between... From page 1

“Ang pinakamahalaga po ay huwag na huwag po talaga nating balewalain ang init at huwag na po nating hintayin na lumala pa ang mga sintomas ng mga heat related illnesses bago kumilos. So, mainit man po o umulan man sa gitna ng pabago-bagong panahon ang mahalaga po ay ang tamang impormasyon mula sa inyong opisyal na sources (of course, iwasan po natin ang fake news) at maagang paghahanda sa lahat ng hamon ng panahon yan po ang pinakamabisang proteksyon para sa ating mga kababayan.”

Engr. Mark Louie A. Vergara

Weather Specialist II,
Northern Luzon-West PRSD DOST-PAGASA

mate. In response to many questions from the public after Episode 8 of Tekno PreSyensya, the agency hosted a follow-up discussion through Episode 10, titled “Bantay Ulat Panahon: Habagat-El Niño Outlook and Heat Index Monitoring.” The program featured Engr. Mark Louie A. Vergara, Weather Specialist II from DOST-PAGASA Northern Luzon, who cleared up confusion about current weather conditions and what to expect in the coming months. Engr. Vergara explained that while the country's weather is currently normal, there is a 79% chance that a strong El Niño will develop between June and August, which could last until the early part of 2027. He corrected a common misunderstanding that the extreme heat we are feeling right now is already caused by El Niño. In fact, the start of El Niño is expected

to bring more rain and stronger storms to the western part of the country first. This is because it pulls and strengthens the southwest monsoon (habagat), long before the actual dry weather and water shortage happen toward the end of the year. The discussion also focused on Tropical Cyclone Jiangmi (locally named Domeng). While the storm is not expected to hit land, it is helping trigger the official start of the rainy season by pulling the habagat winds toward the country. This transition is the reason behind the sudden, heavy afternoon rains currently experienced in parts of the region, which are caused by localized thunderstorms that form after hours of intense morning and midday heat. The episode also broke down the concept of the heat index, or the “apparent temperature”—which is how hot the weath-

er actually feels to the human body based on the air temperature and relative humidity (the amount of moisture in the air). When humidity is high, the body struggles to sweat and cool itself down, making the air feel heavy and sticky. The agency warned that these conditions can cause severe stress to crop and farm animals and pose serious health risks like heat exhaustion and heat stroke, especially for outdoor workers like farmers, street sweepers, traffic enforcers, and construction workers. To stay safe at home, Engr. Vergara shared practical tips, advising residents to open windows on opposite sides of the house to create a natural breeze. He warned that running an electric fan inside a closed, unventilated room is unsafe because it only circulates the trapped hot air. The public was strongly urged

to check DOST-PAGASA’s official heat index forecasts regularly, and to immediately treat any signs of heat stress with proper rest, continuous hydration, and staying out of direct sunlight. “Mainit man o maulan sa gitna ng pabago-bagong panahon, ang pinakamahalaga ay ang pagkakaroon ng tamang impormasyon mula sa mga opisyal na mapagkukunan. Iwasan natin ang fake news at ugaling maging handa sa lahat ng hamon ng panahon—iyan ang isa sa pinakamabisang proteksyon para sa ating mga kababayan,” paggigiit ng ahensya. Through Tekno PreSyensya, DOST Ilocos Region remains committed to delivering accurate, easy-to-understand weather updates to fight misinformation on digital platforms and keep communities safe through verified reports straight from DOST-PAGASA.

SHOWBLITZ

Janine, pangarap makahanay sa Hollywood films!

Marami pang pangarap na gawin si Janine Gutierrez sa pagpirma niya ng kontrata sa Star Magic ng ABS-CBN. In terms of her career, pero walang banggit sa personal plans.

“Ang pangarap talaga para sa sarili ko is to be a part of Filipino projects na, whether na dito ginawa or Filipino ‘yung production, tapos lalabas siya mapapanood siya sa ibang bansa. Makikita mo sa mga film festival kahanay ng Hollywood films,” sabi ng actress. “Sa tingin ko, sobrang inspiring ‘yun na dito natin ginawa, Filipino creatives. Tapos, hahangaan and aabangan ng iba’t ibang bansa. And it’s also a way of showing our culture. Kumbaga sa Korea na-promote nila ‘yun culture through their shows and projects. So, ‘yun din pangarap ko para sa projects ko,” sabi niya pa.

Na in a way aniya ay nagawa niya sa balik-tambalang serye nila ni Jericho Rosales na The Loyalty Game.

“So, sa Loyalty Game, nag-shoot kami sa Iloilo at Bacolod. So, ang dami naming locations na heritage houses na Filipino and ang gaganda, makikita mo talaga kultura natin. Even ‘yun regional na culture sa Negros, talagang nakaka-proud and world-class.

“So, happy ako na our shows, like Loyalty Game, are streamed globally. Kasi bilang Kapamilya, gusto rin natin maabot ‘yung ibang kapamilya natin sa ibang bansa at ipakita ‘yung kultura,” sabi ni Janine.

Nakatakda rin siyang magbida sa horror-drama film na Balaraw kasama si Charlie Dizon at sa Cinemalaya feature na Mag-iina kasama si Cherry Pie Picache, sa direksyon ni Ray Red mula sa isang Palanca Award-winning screenplay.

“Nagpapasalamat ako na marami na akong nagawa pero mayroon pa rin akong mga pangarap,” pag-amin niya. “Yes, super dami pa, super dami pa ng gusto kong gawin. I cannot

think of any specific na role pero mahilig ako sa mga historical film and that would be... Fantasy din for me na project. Parang small role pa lang before, sa unang Cinemalaya film ko, hindi talaga mahaba na historical film. So ‘yun. To get to do collabs with international productions or mga artista na hindi ko pa nakakatrabaho. Alam ko naman na lahat ng mga kwento natin dito talaga exciting. So, maraming possibilities,” pahayag pa ng girlfriend ni Jericho Rosales na ‘di napigilang mag-‘I love you’ kay Janine nang sorpresahin ang karelasyon sa ginanap na contract signing.

At sino bang gusto niyang makatrabaho if ever na may chance? “Actually, nakasalubong ko nga si Sharon Cuneta... nag-look sila ng bagong project ni Sharon with a collab with GMA. Ang cool lang kasi in recent years nagbubukas ‘yun pinto sa Kapamilya at Kapuso. Bilang isang former Kapuso, I’m always grateful to them, especially at the start of my career. Ang cool lang to think na with everything now, there’s a possibility na makakatrabaho ko ang mga tao na nagtrabaho ako dati,” sabi pa niya.

Bukod kay Ate Shawie, gusto rin niyang makatrabaho sina Anne Curtis, Joshua Garcia and Belle Mariano. “Yes, si Anne (Curtis). Love ko siya ever since. Sana rin si Joshua (Garcia), I know how good of an actor he is. Si Belle, alam ko rin ga’no kagaling si Belle. Actually, sobrang dami pa pero ‘yun.”

At kung pagdating sa role ang pag-uusapan: “Gusto ko talaga maging fearless, kasi siyempre kapag may opportunity ka to do a new role or a new project, dapat talaga tapanan ang loob mo and mag-work hard ka,” sabi pa niya.

Mapapanood ang buong Forever Kapamilya contract signing ni Janine Gutierrez sa Star Magic YouTube channel. oOo

SPORTS NEWS

Knicks sa Game 1

SAN ANTONIO —

Patuloy pa rin ang ratsada ng New York Knicks para makau-na sa NBA Finals. Bumanat si point guard Jalen Brunson ng 30 points, habang nagtala si center Karl-Anthony Towns ng 18 points at 12 rebounds sa 105-95 panalo ng Knicks laban sa Spurs sa Game 1 ng kanilang best-of-seven championship series. Binura ng New York ang isang 14-point second-half deficit sa San Antonio para sa 1-0 lead sa serye. Nagdagdag si OG Anunoby ng 17 points para sa ika-12 sunod na panalo ng

Knicks sa playoff games. “He’s a gamer, man,” sabi ni coach Mike Brown kay Brunson. “In the big-gest moments, he shows up. That’s what MVPs are supposed to do.” Umiskor si Brunson ng 13 points sa fourth quarter at ang kanyang spinning jumper sa hul-ing 38 segundo ang sume-lyo sa kanilang panalo. “I think we know what we have to do,” wika ni Brunson. “I think we’re a pretty together group.” Kumolekta si Victor Wembanyama ng 26 points at 12 rebounds sa panig ng Spurs habang may 17 markers si Ste-phon Castle kasunod ang tig-16 points nina

Julian Champagne at Fil-Am Dylan Harp-er. Matapos kunin ang 55-48 halftime lead ay pinalobo pa ito ng Spurs sa 14-point lead sa gitna ng third period. Nakabalik sa laro ang Knicks at tina-pos ang nasabing yugto sa isang 22-9 atake para makatabla sa 76-76. Ang dalawang free throws ni Wem-banyama sa huling 2:16 ng fourth quarter ang nagbigay sa Spurs ng 95-94 abante bago ku-monekta ng three-point shot si Brunson para sa 97-95 lead ng Knicks. N a k a t a k d a ang Game 2 bukas.
