DOST LAUNCHES INNOVATION AND AGRICULTURE HUBS IN CAGAYAN

TUGUEGARAO CITY — The Department of Science and Technology (DOST), in partnership with the Provincial Government of Cagayan, formally launched the Cagayan Innovation Hub, the SARAI Provincial Hub, and the Sci-Tech Philippines Awards on March 16, 2026, strengthening efforts to promote innovation, data-driven governance, and climate-resilient agriculture in the province. The initiative is anchored on Project SARAI and aims to position Cagayan as a model for smart and sustainable provincial development by integrating science, technology, and innovation into local planning and economic growth. Leading the launch was DOST Secretary Renato U. Solidum Jr., who highlighted the province’s strong partnership with the national government in advancing innovation-driven development. Innovation hubs are envisioned as spaces where students, researchers, startups, and communities collaborate to transform ideas into practical solutions and technology-based enterprises. At the center of the initiative is the Cagayan Innovation Hub, which will serve as a platform

GOV. AGLIPAY THANKS DOST FOR INNOVATIONS PROVIDING OPPORTUNITIES TO CAGAYANOS

Governor Edgar Aglipay expressed his heartfelt gratitude to the Department of Science and Technology (DOST) for the innovative technologies it continues to promote to improve the lives of Cagayanos. Governor Aglipay conveyed his appreciation during the visit and attendance of DOST Secretary Renato Solidum at the opening of the

DOST urges PH researchers toward responsive, cross-sector research

The Department of Science and Technology urged the Filipino research community to commit to a cross-sectoral, ethical, and responsive approach to accelerate national progress during the Annual Scientific Conference and 93rd General Membership Assembly of the National Research Council of the Philippines (DOST-NRCP) held at the Philippine International Convention Center, Pasay

➡ (TURN TO PAGE 3)

DOST LAUNCHES INNOVATION... FROM PAGE 1

for enterprise incubation, modernization of micro, small, and medium enterprises (MSMEs), and collaborative innovation. The facility will connect industry, academe, and government to provide mentoring, technical support, and digital transformation opportunities for entrepreneurs and emerging enterprises in the province. Supporting this effort is the Cagayan Decision Intelligence Center, a facility designed to strengthen

local governance through real-time analytics and integrated data systems. The center enables provincial leaders to make evidence-based decisions, improve resource allocation, and respond more effectively to development and disaster-related challenges. Meanwhile, the SARAI Regional Hub brings science-based agricultural information closer to farmers. Through satellite data, climate modeling, crop forecasting,

and suitability analysis, the hub delivers localized advisories on crop selection, planting schedules, and risk management to help farmers improve productivity and adapt to climate variability. The initiative comes as the Philippines continues to face increasing climate risks. The country experiences around twenty tropical cyclones annually, with the agriculture sector accounting for more than sixty percent of disaster-related eco-

nomical losses. In provinces like Cagayan, where agriculture remains a primary economic driver, these challenges directly affect rural livelihoods and food security. Cagayan Governor Edgar Aglipay acknowledged the initiative as a major opportunity to strengthen local enterprises and bring innovation directly to farming communities. DOST Undersecretary for Regional Operations Sancho A. Mabborang and Virginia G. Bilgera also

emphasized the strong collaboration between DOST and its partners in advancing the initiative, noting that the hubs are expected to help transform various sectors and industries in the region through science, technology, and innovation. Together, the facilities support the vision of ONE Cagayan D.R.I.V.E.S. (Development of Rural Industries through Value Chain Enhancement and Sustainability), demonstrating how integrated

science and technology systems can strengthen agriculture, empower enterprises, and enable smarter governance at the provincial level. Through the Cagayan Innovation Hub and SARAI Provincial Hub, DOST and its partners aim to establish Cagayan as a Smart Province where data-informed decisions, innovation-driven enterprises, and science-based solutions contribute to inclusive and sustainable development.

GOV. AGLIPAY THANKS DOST FOR INNOVATIONS... FROM PAGE 1

of Cagayan on Monday, March 16, 2026. In his message, Gov. Aglipay emphasized the significant contribution of science and technology in advancing innovations that create greater opportunities for the people. He noted that science and technology play a vital role in society, particularly in agriculture and tourism, as they help make work more efficient and broaden public knowledge about machinery and other strategies that enhance productivity. “I can’t thank enough Sec. Solidum for what they have done for our people here in Cagayan. I think this is a big lead to where they are now, considering that we will be using technology, robots, and artificial intelligence in providing infor-

mation for our farmers to be able to produce more,” Gov. Aglipay said. Meanwhile, Secretary Solidum commended the initiatives of Gov. Aglipay’s administration in advancing science and technology-driven programs that benefit Cagayanos. According to Sec. Solidum, it is important for the government to take the lead in introducing innovative approaches, as these are essential to good governance that the public aspires to. “Thank you for inviting me here to the Provincial Government of Cagayan and the rest of the DOST Team. It is always a privilege to stand with local governments that are committed to serving their people and strengthening their communities... We must ap-

ply science, technology, and innovation in governance, and I see it here in the province of Cagayan. Applying science, technology, and innovation in governance makes the Local Government ASTIG,” Solidum said. In line with this, Gov. Aglipay assured that his administration will continue to advance programs and projects that strengthen the science, technology, and agriculture sectors in Cagayan under his E.G.A.Y Governance Platform, aiming to achieve progress and development for every Cagayano, especially farmers and fisherfolk. Meanwhile, DOST also presented to Gov. Aglipay and Provincial Government of Cagayan employees the first innovation launched by DOST and Cagayan

State University’s Electromobility Research and Development Center (CSU-EMRDC), showcasing various electric vehicles such as eTranvia, eBuggy, and C-Trikes. The regular flag-raising ceremony at the Cagayan Capitol was led by Gov. Aglipay, together with Provincial Administrator Atty. Maria Rosario Mamba-Villaflor, Chief of Staff Felipe Buena Jr., Secretary Renato Solidum, DOST Undersecretary for Regional Operations Engr. Sancho Mabborang, DOST Region 2 Director Virginia Bilgera, Handicappables President Amalia Decena, Board Members, consultants, and employees from various offices of the Provincial Government of Cagayan.

ORDER

This is a verified Petition for the Cancellation of the Certificate of Marriage
with Registry No. 200800812 Between Charlito G. Villanueva and Lilibeth C. Balaga and
Correction of Entries in the Certificate of Death with Registry No. 2012-146 of Charlito
Ostera Villanueva filed on December 8, 2025 by the above-named Petitioner, through the
counsel, Atty. Rodrigo E. Melchor, Jr., praying for this Court that, after due notice, publica-
tion and hearing, judgement be rendered: a) Cancelling the Certificate of Marriage between
Lilibeth C. Balaga and Charlito G. Villanueva with Registry No. 200800812 for being void
ab initio; and, b) Correcting Charlito G. Villanueva’s Certificate of Death with Registry
No. 2012-146 to reflect as follows: b.1) His name from Charlito O. Villanueva to Charlito
O. Urbano as indicated in his Certificate of Live Birth with Registry No. 95-52 registered at
Catbalogan Samar; b.2) His Death of Birth from 17 April 1970 to 17 January 1970 as
indicated in his Certificate of Live Birth with Registry No. 95-52 registered at Catbalogan,
Samar; b.3) His father’s name From Crispin Urbano Villanueva to Crispin Urbano as indi-
cated in his Certificate of Live Birth with Registry No. 95-52 registered at Catbalogan, Sa-
mar; and, b.4) His mother’s name from Alicia Malaras Osteria to Panesia Ostera as indicat-
ed in his Certificate of Live Birth with Registry No. 95-52 registered at Catbalogan, Samar.

Finding the petition to be sufficient in form and substance, the same is set
for hearing on April 14, 2026 at 2:00 o’clock in the afternoon, whereby any interested
persons may appear and show cause, if any, why the petition should not be granted.

Let this Order be published at the expense of the petitioner in a news-
paper of general circulation which will be raffled by the Office of the Clerk
of Court of the City of Dasmariñas, Cavite, before the scheduled date of hear-
ing at least once a week for three (3) consecutive weeks. The Clerk of Court of
this Court is directed to include this Order in the raffle of notices for publication.

The Petitioner is also directed to furnish the Office of the So-
licitor General and the Civil Registry of the City of Dasmariñas, Cavite
with a copy of the petition and to show proof of compliance thereof.

SO ORDERED.

DOST urges PH researchers...
From page 1

City, last March 13, 2026. In his speech, DOST Secretary Renato U. Solidum Jr. highlight- ed that progress cannot be made if “remained confined within rigid boundaries, hence rein- forcing transdisciplinary and ethical practices. “[It] encourages us to cross [...] between disci- plines, institutions, and even scientific expertise and lived experience in communities. It allows us to combine perspectives, deepen understanding, and produce solutions that are practical and grounded,” said Solidum. Solidum pointed out that knowledge, when visible, cited, and utilized, reflects the “true capacity” of Fil- ipino scientists and insti- tutions— but it must also be translated into tangible benefits for the people. “It must move for- ward—toward appli- cation, innovation, and commercialization. But, development must never come at the cost of our rights, dignity, or integ- rity,” Solidum said while underscoring the DOST’s Three-Horizon Science, Technology, and Innova- tion Economic Strategy. DOST-NRCP President Dr. Ma. Louise Antonette de las Peñas seconded “responsible research” is not only respon- sive to national needs and public welfare but also upholds truth, fair- ness, and accountability. “Research that is not grounded in ethics and a genuine commitment to the common good is not progress, it is failure,” de las Penas emphasized. The council president also reaffirmed that DOST-NRCP will help shape the ethical direction of research in the coun- try, as well as dedicate efforts to “understand the world to improve it for the Filipino people.” Former DOST secre- tary Fortunato T. de la Peña, on the other hand, stressed the need for in- clusive collaboration in achieving the goals of the nation, including the Sustainable Devel- opment Goals (SDGs). “If there is no collabo- ration, there will be dif- ficulty in achieving the common aspirations.

There is a need for in- clusive collaboration, co-creation of solutions across disciplines, ca- pacity building, and strategizing, as well as the ethical practices that are needed,” he stated in his keynote message. Highlighting leverage on collective effort among various sectors, de la Pena also mentioned that transdisciplinary research hones the visibility, co- herence, and sustainabil- ity of national initiatives through its programs. “When we are able to follow this transforma- tion, then we open doors to opportunities and solu- tions that truly matter for our people, our na- tion, and our shared fu- ture,” de la Peña added. In addition, further trac- ing the event’s theme, “Transdisciplinary Ca- pacity Building and Eth- ical Research towards a Progressive, Unified, and SDG-Driven Na- tion,” five experts took turns discussing re- search collaborations, policy-making, and in- clusive development. Among the speakers were DOST-NRCP reg- ular members Dr. Fidel R. Nemenzo, Dr. Maria Lourdes G. Rebullida, Dr. Agnes C. Rola, and Dr. Marita V.T. Reyes, along with business lum- inary Dr. Rosalind L. Wee. Meanwhile, DOST- NRCP welcomed 178 new regular members and 252 new associate mem- bers during this year’s ASC and GMA, and rec- ognized 13 researchers for their contribution to research excellence in their respective fields and national development. The National Research Council of the Philip- pines is one of the at- tached agencies of the Department of Science and Technology (DOST) aimed at providing sci- ence-based, innovative, and inclusive solutions across four strategic pil- lars: human well-being, wealth creation, wealth protection, and sustain- ability. These pillars em- body the mantra One- DOST4U: Solutions and Opportunities for All. For more information, visit www.nrnp.dost.gov.ph.

Eman Pacquiao ayaw munang mag-lovelife; sinabi ang laging bilin ni Pacman

Maraming ‘secret’ si Eman Ba- cosa kahapon nang makausap namin sa launching bilang new- est endorser ng IAM Worldwide. Isa sa una nam- ing tinanong ay kung totoong pipirma siya ng manage- ment contract kay Bob Arum. Nagkaroon ng us- ap-usapan na diumano pipirma siya sa Top Rank Promotions ni Bob Arum na promoter na malalaking laban ng ama ni Eman, ang Pambansang Ka- mao na si Manny Pacquiao. Si Arum din ang nag-promote ng mga laban nina Joe Frazier, Roberto Du- ran, Alexis Arguello, Carlos Monzon, Thomas Hearns, Julio Cesar Chavez, Erik Morales, Miguel Cotto, Floyd May- weather, Jr. at marami pang iba. “Secret po. Sa ngayon wala pa naman po, magde-de- cide pa lang,” sagot ni Eman. Lalo na at ang ultimate dream niya ay maging world champion: “Siyempre to become a world champion, to become a great boxer at ina-admire ng mga kabataan,” sabi nga niya kahapon. Secret din ang sagot niya kung anong mga nakapaloob sa pinirmahan niyang kontrata sa GMA 7. “Abangan ninyo po ako sa mga teleserye... sa mga project, sa mga endorsement ko, panoorin n’yo ‘yung Never Say Die,” sabay tawa ni Eman. Pero aminado siyang hindi niya talaga inasahan na darating ang mga blessing ni- yang natatamo sa kasalukuy- an. Bukod sa contract sa GMA, sunud-sunod ang endorsement niya, ang lakas ng follow- ing sa social media at sinasa- bing sumusunod nga sa yapak ng amang boxing champion. “Hindi ko po talaga alam na darating ito. Panginoon lang ang nagga-guide sa buhay ko. Actually, hindi ko nga alam na magiging endorser ako at ma- giging artista,” pag-amin niya. At ang isa sa masaya sa kanyang mabilis na arang- kada ng career ay ang ama. “Sobrang saya siya, at sobrang proud po siya. Happy naman ako na mas- aya siya,” sabi pa ni Eman. Hindi pa lang niya alam sa kasalukuyan kung kailan ang susunod niyang laban. Pero aniya ang pinaka- mahirap na tanong na na-encoun- ter niya so far ay kung alin ang pipiliin niya – boxing or showbiz. At nang tanungin namin kung anong pinakamahi- rap na part ng pagiging aktor, na- tawa lang siya. Kung may kiss- ing scenes, secret din ang sagot niya na sinasabi ngang susunod sa amang Pambansang Kamao dahil sa laki nga ng kamao nito. Samantala, focus muna siya sa plano ng Panginoon ngayon at wala munang lovelife. “Siyempre if you want to glorify God, unahin mo muna ang kaya mong gawin,” sabi niya. Lately ay nali-link sa kanya si Jillian Ward. At ang payo niya sa

mga tulad niyang natupad ang mga pangarap: “Lagi lang kay- ong mag-pray, ‘wag kayong su- suko sa mga pangarap ninyo.” Twelve years old siya nang mag-umpisang makilala ang Diyos. Since then ay araw at gabi siyang nagbabasa ng Bibliya. Sa ngayon ay all-out ang suporta sa kanya ni Pacman: “Actually full support siya akin, may time lang na busy talaga siya. Nasa politics siya noon.” At parating paalala sa kanya ng ama: laging magdasal. Hindi nakakapanood si Eman ng actual fight ng ama sa ibang bansa. Isang beses lang ani- ya itong nakapanood – sparring. “Full sup- port siya sa akin , hin- di siya nagkulang sa akin.” ‘Yun nga lang, na- busy rin siya ngayon kaya hindi rin sila gaanong nagkakausap. Samantala, katatapos maghatid ng isang career-defin- ing performance ni Eman, nang talunin niya ang Indonesian na si Reynold Kundimang sa ikaapat na round ng kanilang eight- round na laban sa Kumong Bol- anon XXIV sa Tagbilaran City. Mula sa opening bell, ipinakita ni Eman ang tactical pa- tience establishing his jab, dictat- ing range, and gradually break- ing down Kundimang’s defenses. By the third round, he had begun targeting the body na may solid na combinations. At dumating na ang tagumpay sa ka- lagitnaan ng ikaapat na round na nagmamarka ng isang makabulu- hang milestone sa career ni Eman. At sa pagtatapos ng nasabing tagumpay, pormal na ipinakilala ng IAM World- wide si Eman bilang pinakaba- go nitong brand ambassador, na nagpapatibay sa pangako ng kumpanya na suportahan ang high-potential athletes sa pivotal stages ng kanilang mga karera. “IAM Worldwide does not sim- ply support promising athletes— we invest in their future,” the company shared in a formal press statement. “We are proud to grow alongside and be part of the jour- ney of a future boxing champion. Eman embodies the discipline, humility, and relentless mindset required to succeed at the highest levels. Our role is to stand beside him as he continues his trajecto- ry inside and outside the ring.” Bilang bahagi ng partnership, kasalukuyang pinangunahan ni Eman ang kampanya para sa IAM Amazing Organic Bar- ley Gummies, na inihanay ang tatak sa mga hinihingi ng elite athletic preparation, recovery, at sustained performance. Tampok sa kampanya ang isang kapan- sin-pansing billboard ng batang atleta sa kahabaan ng EDSA, sa harap mismo ng SM Megamall. Ang pakikipagtulun- gan ay higit pa sa tradisyunal na pag-sponsor, encompassing structured brand-building ini- tiatives and long-term devel- opmental support designed to complement his athletic growth.

SPORTS NEWS

Back-to-back wins ng Chameleons

MANILA, Philippines — Humataw si Fil-Am Brooke Van Sickle ng game-high 21 points sa 21-25, 25-23, 25-13, 25-14 pagdaig ng Nxled kontra sa PLDT sa 2026 Premier Volleyball League All-Filipino Conference kahapon sa FilOil Centre sa San Juan City.

Inilista ng Chameleons ang back-to-back wins matapos malaglag sa isang four-game losing slump para itaas ang baraha sa 5-4 at makasilip ng pag-asa sa isa sa huling dalawang Qualifying Round berths.

Kailangan nilang ipanalangin na matalo ang Akari Chargers (5-3) at Creamline Cool Smashers (5-3) sa kanilang mga huling laro bukas para sa pag-asa sa Top Four.

Nasikwat na ng High Speed Hitters (7-2) at sister team Cignal Super Spikers (6-2) ang unang dalawang tiket sa Qualifying Round. Nagdagdag si Fil-Am middle blocker MJ Phillips ng 16 markers para sa Nxled at may 15 at 13 points sina Jonah Sabete-Escamillan at Myla Pablo, ayon sa pagkakasunod.

“We knew that this is game was a really important game. So coming into it we were really locked in, we make sure that we communicate constantly and I think we really took care of business today and I’m happy,” ani Phillips.

Pinamunuan ni Fil-Canadian Savi Davison ang PLDT, natapos ang four-game winning streak, sa kanyang 18 points.

Kinuha ng High Speed Hitters ang first set, 25-21, bago inagaw ng Chameleons ang second at third set para sa 2-1 lead sa laro.
