**DOST Ilocos Region
Strengthens Strategic Di-
rection for 2026 Through
Special ManCom Meeting**

The Department of Science and Technology Ilocos Region (DOST Ilocos Region) convened a Special Management Committee (ManCom) Meeting on February 27, 2026 at the DOST Ilocos Region Multipurpose Hall in the City of San Fernando, La Union, bringing together the agency’s leadership to align key programs, upcoming initiatives, and organizational priorities that will advance science, technology, and innovation (STI) in the region. The meeting was presided over by Regional Director Teresita A. Tabaog, with the participation of Assistant Regional Directors, Provincial Directors, and Unit Heads, reinforcing a unified leadership approach in steering the agency’s strategic programs and ensuring the effective delivery of STI interventions that benefit communities and industries across the Ilocos Region. A major highlight of the meeting was the presentation of preparations for the Innovation Summit for North Luzon Cluster, led by ARD Decth-1180 P. Libunao and the DOST Pangasinan team. As presented by Ms. Jennifer C. Fernandez, Senior Science Research Specialist of DOST Pangasinan, the summit is envisioned as a major platform for advancing innovation collaboration across Northern Luzon. Among the key activities to be featured are the Ceremonial Technology Licensing Agreement (TLA) signing involving Regions I, II, and the Cordillera Administrative Region (CAR), technology adopter success stories, and forums promoting innovation and technology transfer. These initiatives aim to accelerate the commercialization and adoption of locally developed technologies, strengthening regional competitiveness and innovation ecosystems. During the meeting, Director Tabaog also emphasized the significance of the Secretary’s 3 Horizon Strategy, underscoring its role in guiding the Department’s long-term vision for science, technology, and innovation. She highlighted the need for regional programs to align with this strategic framework to ensure that initiatives translate into tangible benefits for communities and industries. Key programs supporting this direction include the Small

Enterprise Technology Upgrading Program (SETUP), OneLab, the Solido DRRM Knowledge Hub, Project SARAI, and the region’s Innovation Hubs (iHubs) - all of which contribute to expanding technology access, strengthening disaster resilience, and enhancing innovation-driven development. Updates on the agency’s 2nd Surveillance Audit and preparations for the Philippine Quality Award (PQA) were presented by Assistant Regional Director for Technical Operations Services Racquel M. Espiritu, who also serves as the PQA Manager, along with Engr. Brian U. Rasco, Provincial Director of Ilocos Norte. The discussion reinforced the importance of maintaining high standards of organizational excellence and clarified the roles and responsibilities of staff to ensure readiness and compliance with quality management systems. Moreover, Human Resource staff Beverlyn B. Cardinez also presented updates on the agency’s roadmap toward PRIME-HRM (Program to Institutionalize Meritocracy and Excellence in Human Resource Management) Level III accreditation, outlining the key phases and milestones necessary to strengthen the agency’s human resource management systems and institutionalize a culture of meritocracy and performance excellence. The meeting concluded with presentations from the Committee Heads of the 2026 Regional Science, Technology, and Innovation Week (RSTW), who shared their post-event evaluation highlighting accomplishments, challenges encountered, and strategic recommendations to further enhance the planning and impact of future regional STI celebrations. Through collaborative planning and strategic leadership, the Special ManCom Meeting reaffirmed DOST Ilocos Region’s commitment to strengthening innovation ecosystems, improving organizational excellence, and advancing “Agham na Ramdam” - science and technology that deliver meaningful solutions, expand opportunities, and improve the lives of communities across the Ilocos Region.

sa mga Senior Citizens. Batid naman na marami pa din ang walang kaalaman sa mga makabagong teknolohiya, kung kaya’t sinisikap ng BTKSCAI na turuan ang mga malalayo sa kabihasan na sila ay maiparehistro sa NCSC para makatanggap ng mga benepisyo mula sa Gobyerno. Meron din itong pabirthday gift sa mga members na nagdiriwang ng kanilang kaarawan. Ang kanilang pagtulong sa kapwa nila senior citizens ay napakalaking bagay at tulong na din sa Lokal na pamahalaan ng bayan dahil nagabayan ng mga ito ang kapwa nila ukol sa mga programa at proyekto ng NCSC. Naaalalayan din ng mga ito sa mga kaalaman gamit ang makabagong teknolohiya, bukod pa diyan ay naglunsad sila ng mga programa para magkaroon ng pagkakakitaan ang mga Senior Citizens na kanilang mga Miyembro. Ang mga seniors ay maituturing na mga Bayani, dahil sa mga sakripisyo ng mga ito upang maitaguyod sa mabuting sitwasyon ang kanilang mga anak noong sila ay mga bata pa at malalakas pa. Buong taong paghah-

anapuhay ang kanilang iniaalay para lang matustusan ang pangangailangan ng kani kaniyang mga pamilya. Sa ngayon sila ay mahihina na at wala ng kakayanang maghanapuhay na mabibigat, sila naman ay dapat pagtuunan ng pansin ng mga nanunungkulan sa gobyerno. Ika nga hindi nila mararating ang kanilang mga posisyon at propesyon kung hindi nag sakripisyo at naglaan ng dugo at pawis ang kanikaniyang mga magulang na kung saan ay sumapit na sa pagiging Senior Citizen. Katawan lang ang humihina subalit ang kaisipan ay patuloy padin sa gampanin kung paano makakatulong sa mga kapwa nilang elders na higit na nagangailangan. Isinagawa ang aktibidad sa Bucal Covered Court na dinaluhan ng mga nanunungkulan mula sa Barangay, Lokal na pamahalaan ng Bayan at National Government. Sa tulong ng mga ahensya ng gobyerno ay patuloy ang tagumpay sa pagpapahalaga at pagmamahal sa mga Senior Citizens ng Barangay Tandang Kutyo maging sa buong bayan ng Tanay sa lalawigan ng Rizal.

DOST, Intramuros launch PH-made electric 'e-tranvia' . . . From page 1

Diliman (UPD), and Cagayan State University (CSU), the e-tranvia highlights Filipino ingenuity in sustainable mobility solutions. Intramuros Administrator Atty. Joan M. Padilla emphasized the importance of partnerships between government and academe in delivering people-centered innovations. “This collaboration reflects the strength of partnerships between the government and the academe in delivering practical and people-centered solutions,” Padilla said, expressing hope that the project would inspire further efforts toward greener mobility and smarter tourism systems. Designed to echo the tranvias that once operated in Intramuros in the late 19th century, the vehicle complements the historic atmosphere of the area while offering an environmentally friendly alternative to traditional diesel-powered transport. CSU led the conceptualization and structural development of the e-tranvia, including the vehicle frame, suspension system, and body paneling. The body and roofing panels utilize abaca fiber composite material, an innovation developed by DOST-ITDI. Meanwhile, UPD handled the electrical and electronic systems, equipping the vehicle with a lithium-ion battery, electric motor, controller, and charging infrastructure—effectively eliminating reliance on fossil fuels. Science and Technology Secretary Renato U. Sol-

idum Jr. underscored the role of such innovations in addressing rising fuel costs and supply concerns, while promoting accessible electric mobility across the country. He also highlighted the importance of strengthening research and development in e-mobility, expanding charging infrastructure, and sustaining partnerships with higher education institutions. At present, Intramuros has deployed one e-tranvia unit, with three additional units expected to arrive soon. Additional units are also planned for deployment in South Cotabato, Cagayan province, and Malacañang Palace, according to CSU President Dr. Arthur G. Ibañez. The initial material cost of each unit is estimated at ₱2.5 million. DOST-NCR Regional Director Engr. Rome-len T. Tresvalles said efforts are underway to secure private sector partnerships to support large-scale production. “By reimagining a symbol of our history through Philippine engineering and sustainable technology, we are breathing new life into the walled city,” Tresvalles said. The e-tranvia is currently available to the public free of charge through a rolling tour within Intramuros. The route includes key heritage sites such as Fort Santiago, Museo de Intramuros, Baluarte de San Diego, Foro de Intramuros, Centro de Turismo, nearby schools, and the Pasig Esplanade.

Pamilya ni Kathryn, mas bet daw talaga si Alden?!

Totoo kayang mas pa-bor talaga ang mom-my ni Kathryn Bernadro na si Mommy Min kay Alden Rich-ards para sa actress?

Ito ang chika ng isang source. Lately ay sinasabing si Mayor Mark Alcala na nga raw ang karelasyon ni Kathryn na parang sa mall lang madalas ipasyal ang actress as if hindi sila pwedeng pumasal sa hindi mataong lugar.

Naging mabait kasi raw talaga si Alden sa pamilya Bernardo pero nung ini-expect na raw ang declaration of romantic love for Kathryn ng actor, hindi nga ba ito natuloy? Doon na raw natapos ang lahat kina Kathryn at Alden.

Hindi na sila nag-usap since then at next chapter na raw ang batang pulitiko na ex ni Ashley Ortega na karelasyon ngay-

on ni Mavy Legaspi. Thirty years old na si Kathryn kahapon at nagti-trending siya.

Last year ay inamin niyang nakakaramdam siya ng birth-day blues. Sinabi niya rin same time last year na naiintindihan din niya raw na nasa transition stage siya lalo na at magkakaroon na siya ng sariling place na pakiramdam niya ay isang paraan upang mag-grow pa siya bilang isang tao.

As of this writing ay wala pang post si Kathryn kung paano siya nag-celebrate ng birthday.

Pero ang isang sure nga ay almost a year na rin daw itong living alone sa isang high-end condo sa Makati na marami ring mga nakatirang influencer. Pero rented lang daw ito at hindi pa binibili ng actress.
