FIRST SCOUT RANGER REGIMENT SUMAPIT SA IKA – 75 TAONG ANIBERSARYO

Ni: Tantan Francisco

Sa pagsapit sa ika-75 taong anibersaryo ng “FIRST SCOUT RANGER REGIMENT” ay muling nagkitakita ang mga sundalong nag alay ng kanilang buhay para sa pagtatanggol sa bansa laban sa mga teroristang grupo. Ipinakita ang katapangan sa pakikipaglaban, katapatan sa saligang batas at inuuna ang kapakanan ng bansa. Isinagawang ang pagdiriwang sa Camp Tecson San Miguel Bulacan, nagkaroon ng programa at ginawaran ang mga sundalong nakipaglaban sa mga rebelde at terorista na nagtangkang manggulo sa bansa. Dinaluhan ito ni Armed Forces of the Philippines Chief of Staff General Romeo Brawner kasama si Department of National Defense USEC. Retired MajGen Angelito M. De Leon. Nagpaabot ng pagbati si National Defense Secretary Gilbert Teodoro at sa liham

nito na binasa ni USEC. De Leon ipinapaalala nito sa sandatahang lakas na sa krisis na naranasan ng bansa ngayon, ay kinakailangan na ang Sandatahang Lakas ng Pilipinas ay manatiling tapat sa saligang batas. Tanging seguridad lamang ng bansa ang dapat pagtuunan at tutukan. Hindi aniya makakatu-long kung ang mga ito ay hahalo pa sa mga usaping pulitka na kung saan ngayon ay magulo na. Samantala dumalo din sa pagdiriwang si ITAHANAN PARTY-LIST Representative Atty. Nathaniel M. Oducado isa sa mga komite ng National Defense ng Kamara. Bilang bahagi ng kanyang paglilingkod sa bayan, hinahangaan nito ang dedikasyon ng mga Scout Ranger na hanggang sa huling hininga at patak ng dugo nito ay hindi susuko at patuloy na ip-

GAMOT PARA SA MGA DIALYSIS PATIENTS, IPINAMAHAGI SA TAYTAY RIZAL

NI: TANTAN FRANCISCO

Bilang tulong sa mga nagpapa Dialysis, nama-hagi ng gamot para sa mga pasyente si Representative Atty. Nathaniel M. Oducado ng ITAHANAN PARTY-LIST sa TAYTAY RENAL MED DIALYSIS CENTER sa Taytay Rizal. Bilang kinatawan, layunin nito na malaman ang kalagayan ng mga pamilya sa mga Tahanan. Isa sa mga nagiging problema ay panggastos kapag nagka-karoon ng karamdaman

ang isa sa miyembro ng pamilya. Sa pagdami ng datos ng nagpapadialysis batid naman na ito ay isa sa mga nagiging suliranin ng mamamayan dahil nagiging dagdag sa pangaraw araw na pamumu-

haya. Bukod sa matataas na bilihin at kinapos sa gastusin, dagdag pa sa kanilang pagbabud-get ay ang pambayad sa pagpapadialysis ngunit hindi pa diyan natatapos ang kanilang isipin da-

hil bukod sa dialysis ay kinakailangan nito ng maintenance na gamot. Ayon nga sa isang pasyente, ang sevelamer na maintenance na gamot ay nagkakahalaga ng humigit kumulang Php 50 at sa kabuuang isang buwan ay kinakailangan nila ng kulang Php 10,000. Kung kaya't kahit sila ay nagpapagamot o nagpapadialysis ay kinakailangan pa nilang maghanapbuhay para ➡ (Sundan sa pahina 2)

PAPI Gathers Nation’s Media Leaders for 29th National Press Congress in Bulacan

BALIWAG, BULACAN — In a powerful show of unity and purpose, the Publishers Association of the Philippines, Inc. (PAPI) is set to host its 29th National Press Congress on December 3-4, 2025, at The Greenery Hotel & Resort, Sabang, Bulacan. ➡ (TURN TO PAGE 3)

matustusan ang kanilang pangangailangan. Sa pamamahagi ng gamot na hatid ni Representative Atty. Nathaniel M. Oducado ay laking pasasalamat ng mga pasyente. Dahil malaking menos sa kanilang mga gastusin ang libreng gamot bukod sa libreng pagpapadialysis kapag ikaw ay PHILHEALTH member. Samantala sa ugnayan ng Lokal na Pamahalaan ng bayan ng Taytay sa lalawigan ng Rizal sa pangunguna ni Mayor Allan De Leon ay naihatid nito kay Rep. Oducado ang pangangailangan ng Taytayeneos na nagpapadialysis. Ayon naman

sa pamunuan ng Taytay Renal Med Dialysis Center, kung sakaling sila ay maubusan ng supply ay hindi na sila nangangamba dahil sila ay suportado ng Local na Pamahalaan ng Taytay Rizal. Kung sakali din na ang isang pasyente na magpapadialysis sa kanila na hindi miyembro ng PHILHEALTH ito ay kanila naman agad ginagawan ng paraan para ito ay matulungan, dahil anila kinakailangan na ang mga pasyente ay unawain dahil na rin sa ang mga ito ay maraming isipin na dalahin gay ana nga lang ng kanilang karamdaman at isipin sa gastusin.

DOST NorMIn trains Manolo Fortich's Public Market Vendor Association on verification of non-automatic weighing instruments.

The pursuit of accurate measurements and consumer protection took center stage as the Local Government Unit of Manolo Fortich hosted a vital Training on the Verification of Non-Automatic Weighing Instruments on November 19-20, 2025, held at Dreams Residences, San Miguel, Manolo Fortich. Twenty-five dedicated participants, comprising LGU employees and representatives from the local Public Market Vendor Association, gathered to enhance their knowledge and practical skills in metrology. The training was expertly facilitated by the DOST-Northern Mindanao, specifically the Regional Metrology Laboratory of RSTL, with Mr. Ronald A. Pangan and Mr. Jefferson A. Lumor serving as the knowledgeable speakers and

trainors, providing comprehensive lectures and practical demonstrations. This two-day activity is crucial for upholding the integrity of commercial transactions within the LGU. The learning sessions equipped the participants with the necessary expertise to accurately verify weighing instruments, ensuring that consumers receive the correct quantity for the price they pay. The training culminates in a significant practical application: on the second day, the newly trained team will conduct a surprise inspection in the local market. This hands-on exercise is designed to immediately translate their acquired knowledge into real-world action, reinforcing the LGU's commitment to fair trade practices and consumer trust.

agatanggol ang Bansa. Samantala muling inilatag ni Rep. Nathaniel M. Oducado ang may akda ng panukalang Batas “BREAKING THE CYCLE OF FLOOD AND FAILURE: A CALL FOR PRESIDENTIAL COMMISSION ON FLOOD CONTROL.” Sa isinagawang pagdinig sa kamara ay diretsahang tinanong Rep. Oducado ang mga DPWH officials patungkol sa mga FLOOD CONTROL projects. Sa pananaw ng kongresista kinakailangan talaga na magkaroon ng komisyon na tututok sa mga proyekto ng DPWH upang maiwasan ang isyu ng korapsyon. Sa paglala ng baha sa bansa hindi katuwiran ang climate change ang narapat gawin ay pangangalaga at pagsasaayos ng mga flood control facilities. Dahil sa mga pagbaha dulotng habagat at bagyo, maraming mga estudyanteng kabataan ang hindi nakakapasok at tuluyang di makapagaral. Ang mga nagtatrabahong mamamayan ay napipilitang lumusong sa baha para lang makapaghanapnuhay upang may maipangtustos sa kanikaniyang mga pamilya. Maging sa larangan ng kalakalan, bumabagal ang pagdedeliver ng mga

kargamento sa mga dapat nitong pagdelibiran upang maibenta subalit dahil sa taas ng mga tubig baha sa ibat ibang panig ligar sa Metro Manila at mga Probinsya ito ay naaantala. Dito na babagal ang transaksyon sa kalakalan at magpapabagal sa ekonomiya ng bansa. Ang katiwalian ng korapsyon ay maituturing na NATIONAL SECURITY CONCERN na narapat pagtuunan ng pansin ng kasalukuyang administrasyon. Kung oobserbahan lang, ay mapapansin na ang takbo ng ating gobyerno sa bansa ay puro pulitika, batuhan ng akusasyon paghihiganti at gahaman sa kapangyarihan at kayamanan. Hindi nila tinitignan ang kalagayan ng bansa at ng mga mamamayang Filipino kung saan halos gumagapang na sa kahirapan at sasalapitan ng hirap sa pagsapit ng kalamidad. Sa panukalang batas ni Rep. Nathaniel M. Oducado BREAKING THE CYCLE OF FLOOD AND FAILURE: A CALL FOR PRESIDENTIAL COMMISSION ON FLOOD CONTROL ay matutugunan ang tuwirang mga proyekto nga maayos at upang maiwasan ang katiwalian ng korapsyon.

DOST STRENGTHENS SYNERGY OF BALIK SCIENTIST PROGRAM AND S+T FELLOWS DURING THE 2025 NSTW

At the 2025 National Science, Technology and Innovation Week (NSTW) in Laoag City, Ilocos Norte, the BSP-S&T Fellows Collab Activity unfolded as a gathering shaped not only by expertise but by shared purpose. Scientists, educators, researchers, and advocates came together in an atmosphere that felt collaborative and grounded, highlighting how “Agham na Ramdam” becomes real when people meet, exchange stories, and find common ground in their commitment to science. What could have been a routine program instead became a space where participants recognized that strengthening research and development begins with strength-

ening connections. The event opened with institutional messages that set a strong tone for the day. Undersecretary Leah J. Buendia emphasized the importance of integrated expertise and collaboration in shaping the country’s national research priorities, a reminder that R&D grows when programs work in harmony rather than in isolation. This was echoed by DOST Secretary Renato U. Solidum Jr., who described scientific discovery as something rooted in curiosity but made impactful when turned into solutions for real societal needs. His message underscored the unique contributions of the Balik Scientist Program and the S&T Fellows Program, both of

which expand technical expertise and provide vital support across regions. Much of the program’s heart continued through interactive sessions such as “Challenges ni Kuya” and “Nomination/Big Night ni Kuya.” These activities encouraged participants to work together on scenario-based tasks that mirrored real challenges in science and technology. In these moments, teamwork and idea-sharing came naturally, revealing how collaboration strengthens R&D by allowing individuals to combine perspectives, test solutions, and approach problems with shared creativity. The energy in the room demonstrated that research becomes more meaningful when sparked

by collective effort. The activity concluded with the awarding of certificates, group photos, and networking moments that felt warm and hopeful. In his closing message, Undersecretary Teodoro M. Gatchalian encouraged continued partnerships and R&D efforts that uplift communities, reinforcing the day’s core message: that progress grows when people commit to working together. As participants left the venue, the strengthened linkages, shared insights, and new collaborations formed during the activity became quiet but powerful steps toward a more connected and impactful research landscape for the regions and the nation.

ery in Baliwag, Bulacan. The event, held in partnership with the Department of Science and Technology (DOST) Region III, the City Government of Baliwag, and the Provincial Government of Bulacan, promises to be a landmark gathering of media professionals, public servants, and science advocates. With the theme “Unmasking Deception: The Role of Investigative Media in Exposing Fake News and Corruption,” this year’s congress aims to inspire a renewed commitment to truth-telling and ethical journalism. It highlights the vital role of the press in building an informed, resilient society—especially in an age where misinformation spreads rapidly online. The two-day event will open with messages of

solidarity from national and local leaders, followed by a keynote address from a respected investigative journalist. Plenary sessions will explore cutting-edge science initiatives from DOST Region III and tackle the pressing issue of fake news in social media, offering fresh insights and practical tools for local media practitioners. A festive Governor’s Night will cap off the first day, celebrating cultural diversity and media excellence. Attendees will don United Nations-themed attire as they enjoy a night of performances, networking, and inspiring messages from champions of public service, science, and journalism. Day 2 will spotlight the synergy between media and local governance,

featuring a hands-on investigative journalism workshop led by a leading media watchdog. Participants will also engage in a cultural tour of the Historic City of Malolos and visit innovative DOST project sites, gaining firsthand insight into community-driven development. As a steadfast advocate of press freedom and public service, PAPI continues to empower community newspapers and media leaders across the country. Through its annual congresses and advocacy programs, the organization champions ethical journalism and inclusive storytelling that uplifts communities and strengthens democracy. This year’s National Press Congress is made possible through the generous support of its sponsors and partners:

Lakambini Chiu bubuwelta sa demanda ni Kim, maling impormasyon sa social media pinaghahandaan ng mga abogado!

Parang showbiz writer na rin si Atty. Jesus Falcis. Ang dami niyang ‘chika’ sa isang tweet tungkol sa kaso at kontrobersiya ng magkapatid na Lakambini at Kim Chiu.

As if insider siya at alam ang mga tunay na pangyayari sa kabila ng hindi pa pagbibigay ng detalye ng magkapatid tungkol sa totoong mga pangyayari.

At ang katwiran ni Atty. “Madaming public sources po, siguro 10-20% lang sa tweet ko ang bago,” nang may magtanong kung sino ang sources niya.

Kaya naman diumano’y kumonsulta na rin si Lakambini ng abogado lalo na at may nabanggit si Atty. Falcis tungkol sa ‘may vault’ na ninakaw at nagbenta si Lakambini ng condo. Wala diumano itong basehan at walang katotohanan ayon sa isang source.

Any moment diumano ay magsasalita ang kapatid ni Kim na idinemandang Kapamilya actress/TV host ng qualified theft.

Bahagi ng tweet ni Atty. Falcis: “Kumuha daw ng pera sa vault or sa condo. Tapos binenta daw yung isang condo without Kim’s consent.

“And so Kim Chiu was left with no choice but to sue her own sister — a woman she described in a tribute post back in 2020 as her “number one critic, my number one fan, my superwoman.” Pagpapatuloy ng tweet niya: “The case Kim Chiu filed speaks volumes — qualified theft means there was a gross and grave abuse of trust and confidence.

“Nakakasuha lang ang tao ng qualified theft if the accused is a person that has the full and complete trust of the victim — if the accused was in such a special position to steal easily and massively from the victim.”

May team na diumano ng mga abogado ang ate ni Kim.

Maaalalang last year lang ay panay ang pasalamat ni Kim sa ate niya nung nag-celebrate ito ng birthday - August

2024/ Post that time ni Kim: “Happy happy birthday, sis! THANK YOU is an understatement for everything you do for me and the family. Thank you for being my number 1 fan and number 1 critic. Madalas mas nauuna kapa umiyak sa mga bagay bagay. But I am so lucky that you are my ACHI in this lifetime! When everything fails, I know nandyan ka lagi para saluhin ako in every step I take. Thank you for supporting me in everything that I do. Thank you for being the most EXTRAORDINARY PERSON I have ever had. Sabi nga nila “sissy kamy can move mountains for Kimmy.” Laging nasa isip ko yun sis! Please know I will also do the same. Hindi lang kasing lala mo.hihi Kaya mahal na mahal kita! Happy birthday, sis! I wish you good health, more blessings, and the genuine happiness you deserve. Always, always here for you. Have a blast today, sis!!!! Let’s dance the night away!!!!”

Maaalalang naintriga rin si Lakam tungkol sa pinag-usapang issue na diumano’y binabantayan niya si Kim kay Paulo Avelino.

At kaya raw binabantayan ay dahil ‘gold’ ng pamilya si Kim.

Pero mabilis ang pagtatanggol ng fans kay Kam. Never daw nagbantay si Kam kay Kim o nakialam sa lovelife ng kapatid. Andyan lang daw ito bilang tumatayong ina ng actress/TV host na walang masama dahil wala na silang ina.

Nauna nang inamin ni Kim na pinag-aralan nilang mabuti ang kanyang demanda base sa kanyang official statement. “After careful consideration and months of internal review, I have made the difficult decision to file a legal case for qualified theft against my sister, Lakambini Chiu, in relation to serious financial discrepancies discovered within my business operations. This decision did not come easily. It is one of the most painful steps I have ever taken in my life,” bahagi ng statement ni Kim.
